AUSTRALIAN JOURNAL OF ZOOLOGY

VOLUME 17

MELBOURNE
1969

AUSTRALIAN JOURNAL OF ZOOLOGY

A medium for the publication of the results of original scientific research in all branches of zoology.

Published by the Commonwealth Scientific and Industrial Research Organization. Issued as material becomes available, $A4 per annum.

BOARD OF STANDARDS

The Board of Standards for this Journal is appointed by the Commonwealth Scientific and Industrial Research Organization and the Australian Academy of Science and consists of Professor C. W. Emmens (Chairman), Mr. A. E. Scott (Editor-in-Chief), Professor C. M. Donald, Dr. S. D. Hamann, Professor C. B. O. Mohr, and Professor G. H. Satchell.

ADVISORY COMMITTEE

Acceptance of papers for this Journal is in the hands of an Advisory Committee appointed by the Board of Standards and consisting of Mr. A. E. Scott (Editor-in-Chief and Chairman), Professor L. C. Birch, Professor A. M. Clark, Dr. K. H. L. Key, Dr. W. D. L. Ride, and Professor I. W. B. Thornton.

All enquiries and manuscripts should be forwarded to:

The Editor-in-Chief,
Editorial and Publications Section, CSIRO,
Sixth Floor,
372 Albert Street,
East Melbourne, Victoria 3002

CONTENTS

Number 1, February 1969

PAGE

Observations on the biology of some morabine grasshoppers. By R. E. Blackith and Ruth M. Blackith 1

Cytogenetic and hybridization studies of geographic populations of *Teleogryllus commodus* (Walker) and *T. oceanicus* (Le Guillou) (Orthoptera: Gryllidae). By P. G. Fontana and T. W. Hogan 13

Clinal variation in pattern and colour in coastal populations of the butterfly *Tisiphone abeona* (Donovan) (Lepidoptera: Satyrinae). By A. M. Lucas 37

A new freshwater species of the genus *Dolops* (Crustacea: Branchiura) parasitic on a galaxiid fish of Tasmania—with comments on disjunct distribution patterns in the Southern Hemisphere. By G. Fryer 49

Taxonomy, ecology, and zoogeography of dragonflies (Odonata) from the north-west of Western Australia. By J. A. L. Watson 65

On the population dynamics of the eucalypt-defoliating sawfly *Perga affinis affinis* Kirby (Hymenoptera). By P. B. Carne 113

Home range in feral water buffalo, *Bubalus bubalis* Lydekker. By D. G. Tulloch 143

Relative growth of the major body components of the southern elephant seal, *Mirounga leonina* (L.). By M. M. Bryden 153

Number 2, April 1969

PAGE

Ecology of lice on sheep. VII. Population dynamics of *Damalinia ovis* (Schrank). By M. D. Murray and G. Gordon 179

Studies on marsupial nutrition. VI. The utilization of dietary urea by the euro or hill kangaroo, *Macropus robustus* (Gould). By G. D. Brown 187

Ultrastructural studies on maturing spermatids and on Sertoli cells in the bandicoot *Perameles nasuta* Geoffroy (Marsupialia). By C. S. Sapsford, Clare A. Rae, and K. W. Cleland 195

The ecology of a natural population of Queensland fruit fly, *Dacus tryoni*. II. The distribution of eggs and its relation to behaviour. By G. Pritchard 293

Cytogenetics of the *viatica* group of morabine grasshoppers. II. Kangaroo Island populations. By M. J. D. White, K. H. L. Key, M. André, and J. Cheney 313

NUMBER 2, APRIL 1969 (*Continued*)

PAGE

Night flights of the Australian plague locust, *Chortoicetes terminifera* Walk., in relation to storms. By D. P. Clark 329

The primary types of the Australian Pyrgomorphidae (Orthoptera: Acridoidea). By K. H. L. Key 353

Corrigendum 414

NUMBER 3, JULY 1969

Ultrastructural studies on Sertoli cells and spermatids in the bandicoot and ram during the movement of mature spermatids into the lumen of the seminiferous tubule. By C. S. Sapsford and Clare A. Rae 415

Studies on gametogenesis and fecundity in the lampreys *Mordacia praecox* and *M. mordax* (Petromyzonidae). By R. L. Hughes and I. C. Potter .. 447

The karyotypes of some Australian rodents (Rodentia : Muridae). By Jennifer A. Kennedy 465

The salivary gland chromosomes of *Chironomus oppositus* Walker (Diptera : Nematocera). By J. Martin 473

Early development of *Taenia crassiceps* in the intermediate host, with a note on primitive cell types. By Fatima M. Bilqees 487

Some aspects of the ecology of the land snail, *Helicella virgata*, in South Australia. By D. E. Pomeroy 495

Revision of the genus *Xanthesma* Michener (Apoidea : Colletidae). By Elizabeth M. Exley.. 515

Argohesma—a new genus of Australian bees (Apoidea : Colletidae). By Elizabeth M. Exley 527

Revision of the subgenus *Xenohesma* Michener (Apoidea : Colletidae). By Elizabeth M. Exley 535

Morphology and relationships of the Pentatomoidea (Heteroptera). IV. Oncomerinae (Tessaratomidae). By R. Kumar 553

NUMBER 4, SEPTEMBER 1969

The parasitic life cycle of the swine kidney worm *Stephanurus dentatus* Diesing. By A. H. Waddell 607

Effect of daily synchronization of sexual activity on mating success in laboratory populations of two species of *Dacus* (Diptera : Tephritidae). By J. H. Gee 619

NUMBER 4, SEPTEMBER 1969 (*Continued*)

PAGE

Studies on the marsupial glider, *Schoinobates volans* (Kerr). I. Reproduction. By R. F. C. Smith 625

Reproduction in a laboratory colony of the marsupial mouse *Sminthopsis larapinta* (Marsupialia : Dasyuridae). By Gillian K. Godfrey 637

Summer and winter observations of the behaviour of the euro *Macropus robustus* (Gould). By Eleanor M. Russell 655

Population ranges of *Miniopterus schreibersii* (Chiroptera) in south-eastern Australia. By P. D. Dwyer 665

The anatomy and physiology of the morabine grasshoppers. IV. Proteins and pigments in solution. By R. E. Blackith and Ruth M. Blackith 687

Variation of shape and of discrete anatomical characters in the morabine grasshoppers. By R. E. Blackith and Ruth M. Blackith 697

The genus *Perissomma* (Diptera : Perissommatidae), with new species from Australia and Chile. By D. H. Colless 719

NUMBER 5, DECEMBER 1969

The fate of residual bodies and degenerating germ cells and the lipid cycle in Sertoli cells in the bandicoot *Perameles nasuta* Geoffroy (Marsupialia). By C. S. Sapsford, Clare A. Rae, and K. W. Cleland 729

Acid secretion in Pacific Ocean gastropods. By T. E. Thompson 755

Salivary glands of kangaroos. By Dorothy K. Forbes and D. E. Tribe .. 765

Seasonal variation in the plasma and urine electrolyte concentration of the arid zone kangaroos *Megaleia rufa* and *Macropus robustus*. By T. J. Dawson and M. J. S. Denny 777

Reproduction in the pseudomyine rodent *Mesembriomys gouldii* (Gray) (Muridae). By Elizabeth G. Crichton 785

A scheme for the identification of the blood of Australasian marsupials. By J. A. W. Kirsch and M. D. Murray 799

Life cycle of the bronze orange bug *Musgraveia sulciventris* (Stål) (Hemiptera : Tessaratomidae). By F. J. D. McDonald 817

Geographical distribution of land birds in Australia—a numerical analysis. By J. Kikkawa and Kay Pearse 821

NUMBER 5, DECEMBER 1969 (*Continued*)

PAGE

The identity of the fur seals of Australia. By Judith E. King 841

The Australian freshwater crayfish (Crustacea : Decapoda : Parastacidae), with descriptions of new species. By E. F. Riek 855

Studies on Australian Muscidae (Diptera). III. A revision of the genera with a facial carina. By A. C. Pont 919

Index to Volume 17 961
